

## LISTA MEDICAMENTELOR - DCI

| <b>MEDICAMENTE IMPOTRIVA TULBURARILOR GASTROINTESTINALE FUNCTIONALE</b> |                                       |            |       |
|---|---------------------------------------|------------|-------|
| 1   | Atropinum sulphas (Tracrium)          | 1 mg/ ml   | fiola |
| 3   | Butylscopolammonii bromidum (Uscosin) | 10 mg      | sup   |
| 4   | Drotaverinum (No- spa)                | 40 mg/ 2ml | fiola |
| 5   | Drotaverinum (No- spa forte )         | 80 mg/ cp  | cpr   |
| 6   | Metoclopramidum ( Metoclopramid )     | 5 mg / ml  | fiola |
| 8   | Pantoprazolum (Controloc)             | 40 mg      | f1c   |
| 9   | Granisetronum ( Granisetron )         | 1 mg / ml  | fiola |
| 10  | Ranitidinum (Arnetin)                 | 50 mg/ 2ml | fiola |
| 11  | Omeprazolum (Omez)                    | 20 mg      | cps   |

| <b>VITAMINE</b> |                                  |               |       |
|-----------------|----------------------------------|---------------|-------|
| 1               | Acidum ascorbicum ( Vitamina C ) | 750 mg / 5 ml | fiola |
| 2               | Pyridoxinum (Vitamina B6)        | 250 mg/ 5ml   | fiola |
| 3               | Thiaminum (Vitamina B1)          | 100 mg/ 2 ml  | fiola |

| <b>ANTIINFLAMATOARE SI ANTIREUMATISMALE</b> |                          |             |       |
|---|--------------------------|-------------|-------|
| 1   | Ketoprofenum ( Ketonal ) | 100 mg/ 2ml | fiola |
| 2   | Piroxicamum (Piroxicam)  | 20 mg       | cpr   |
| 3   | Ibuprofenum (Nurofen)    | 400 mg      | cpr   |

| <b>ANTITROMBOTICE</b> |                            |                               |         |
|-----------------------|----------------------------|-------------------------------|---------|
| 1                     | Enoxaparinum ( Clexane )   | 0.2 ml; 0.4 ml; 0.6 ml; 0.8ml | seringa |
| 2                     | Nadroparinum (Fraxiparine) | 0.4 ml; 0.6 ml; 0.8ml         | seringa |

| <b>ANTIHEMORAGICE</b> |                                 |            |       |
|-----------------------|---------------------------------|------------|-------|
| 1                     | Etamsylatum ( Etamsilat )       | 125 mg/ ml | fiola |
| 2                     | Phytomenadionum (Fitomenadiona) | 10 mg/ ml  | fiola |

| <b>DIURETICE</b> |                           |             |       |
|------------------|---------------------------|-------------|-------|
| 1                | Furosemidum ( Furosemid ) | 20 mg/ 2 ml | fiola |

| <b>ANTISEPTICE SI DEZINFECTANTE</b> |                                      |                 |     |
|-------------------------------------|--------------------------------------|-----------------|-----|
| 1                                   | Peroxid de hidrogen (Apa oxigenata ) | 3% x 200 ml/ fl | f1c |
| 2                                   | Lactat de etacridina (Rivanol)       | 1% x 200 ml/ fl | f1c |

| <b>HORMONI SEXUALI SI MODULATORI AI FUNCTIEI GENITALE</b> |                                      |            |       |
|---|--------------------------------------|------------|-------|
| 1   | Dydrogesteronum ( Duphaston )        | 10mg       | cpr   |
| 2   | Ergometrinum (Maleat de ergometrina) | 0,2 mg/ ml | fiola |

| <b>CORTICOIZI DE UZ SISTEMIC</b> |  |            |       |
|----------------------------------|--|------------|-------|
| 1                                | Dexamethasonum ( Dexametazona )                  | 4 mg/ ml   | fiola |
| 2                                | Epinephrinum (Adrenalina)                        | 1 mg/ ml   | fiola |
| 3                                | Hydrocortisonum ( Hydrocortisone succinat sodic) | 100 mg/ fl | f1c   |

| ANTIINFECTIOASE GENERALE DE UZ SISTEMIC |  |                 |       |
|---|--|-----------------|-------|
| 1                                       | Amoxicilinum + Acidum clavulanicum ( Amoxiplus ) | 1000 mg/ 200 mg | flc   |
| 2                                       | Cefuroximum (Axetine)                            | 1,5 g           | flc   |
| 3                                       | Ceftriaxonum (Cefort)                            | 1000 mg         | flc   |
| 4                                       | Ciprofloxacinum (Ciprinol)                       | 100 mg/ 10 ml   | fiola |
| 5                                       | Gentamicinum ( Gentamicina )                     | 80 mg/ 2ml      | fiola |
| 6                                       | Metronidazolum (Metronidazol )                   | 500 mg/ 100 ml  | flc   |

| MEDICAMENTE PT. SISTEMUL NERVOS |                              |          |       |
|---------------------------------|------------------------------|----------|-------|
| 1                               | Alprazolamum (Xanax)         | 0,25 mg  | cpr   |
| 2                               | Diazepamum (Diazepam)        | 5 mg/ ml | fiola |
| 3                               | Diazepamum (Diazepam)        | 10mg     | cpr   |
| 4                               | Haloperidolum (Haloperidol ) | 2 mg/ ml | flc   |
| 5                               | Midazolamum (Midazolam)      | 5 mg/ ml | fiola |

| ANESTEZICE |                                      |             |       |
|------------|--------------------------------------|-------------|-------|
| 1          | Atracurium (Tracrium)                | 10 mg/ ml   | fiola |
| 2          | Bupivacainum (Marcaine spinal heavy) | 5 mg/ ml    | fiola |
| 3          | Lidocainum (Xilina)                  | 10 mg/ ml   | fiola |
| 4          | Lidocainum (Lidocaina spray)         | 10,00%      | flc   |
| 5          | Propofol (Propofol )                 | 10 mg /ml   | fiola |
| 6          | Sevofluranum (Sevo- anestean)        | 100,00%     | flc   |
| 7          | Suxamethonii Chloridum (Lyshenon)    | 100 mg/ 5ml | fiola |
| 8          | Fentanylum (Fentanyl)                | 0,05 mg/ ml | fiola |
| 9          | Ropivacainum (Naropin)               | 10 mg/ ml   | fiola |
| 10         | Flumazenilum (Anexate)               | 0,1 mg/ ml  | fiola |
| 11         | Neostigminum ( Miostin)              | 0,5 mg/ ml  | fiola |

| ANALGEZICE |   |              |       |
|------------|---|--------------|-------|
| 1          | Metamizolum naticum ( Algocalmin)                   | 1g / 2 ml    | fiola |
| 2          | Metamizolum naticum pitofenona clorhidrat (Algifen) | 2,5 ml/10 mg | fiola |
| 3          | Paracetamolum ( Perfalgan )                         | 10 mg/ ml    | flc   |
| 4          | Pethidinum ( Mialgin)                               | 50 mg/ ml    | fiola |
| 5          | Tramadolum ( Tramadol )                             | 100 mg/ 2ml  | fiola |
| 6          | Tramadolum ( Tramadol )                             | 100 mg       | cpr   |

| SOLUTII PENTRU PERFUZII |  |               |       |
|-------------------------|--|---------------|-------|
| 1                       | Sol perf bicarbonat de sodiu                     | 84 mg/ ml     | flc   |
| 2                       | Sol perf de aminoacizi si vitamine (Aminosteril) | 500ml         | flc   |
| 3                       | Sol perf glucoza                                 | 10% x 500 ml  | flc   |
| 4                       | Sol perf glucoza                                 | 5% x 500 ml   | flc   |
| 5                       | Sol perf manitol                                 | 20% x 250 ml  | punga |
| 6                       | Sol. perf. (NaCl 8,6 g; KCl 0,3 g – Ringer)      | 500ml         | flc   |
| 7                       | Sol. perf. albumina umana                        | 200 g/ l      | flc   |
| 8                       | Sol. perf. clorura de sodiu                      | 0,9% x 500 ml | flc   |
| 9                       | Sol. perf. metronidazol B                        | 5 g / l       | flc   |
| 10                      | Gelofusine                                       | 4 mg/ ml      | flc   |
| 11                      | Clorura de potasiu 7,45                          | 74,56 mg/ ml  | flc   |
| 12                      | Clorura de sodiu 5,85%                           | 20 ml         | flc   |

| SOLUTII INJECTABILE |  |  |  |
|---------------------|--|--|--|
|---------------------|--|--|--|

|   |  |              |       |
|---|--|--------------|-------|
| 1 | Sol inj apa distilata                  | 10 ml        | fiola |
| 2 | Natrii chloridum (Ser fiziologic)      | 90 mg/ 10 ml | fiola |
| 3 | Calcii gluconas ( Gluconat de calciu ) | 10,00%       | fiola |

| SOLUTII DE GLUCOZA |                         |              |       |
|--------------------|-------------------------|--------------|-------|
| 1                  | Glucosum ( Glucoza 33%) | 3,3 g/ 10 ml | fiola |

| MEDICAMENTE PT. SISTEMUL CARDIOVASCULAR |                                    |              |       |
|---|------------------------------------|--------------|-------|
| 1                                       | Digoxinum (Digoxin)                | 0,5mg /2ml   | fiola |
| 2                                       | Dopaminum (Clorhidrat de dopamina) | 5 mg/ ml     | fiola |
| 3                                       | Metoprololum (Betaloc)             | 5 mg/ 5 ml   | fiola |
| 4                                       | Nitroglycerinum (Nitromint spray)  | 0,4 mg/ doza | flc   |
| 5                                       | Enalaprilum (Enap)                 | 1,25 mg/ml   | fiola |
| 6                                       | Amlodipinum (Norvasc)              | 5 mg         | cpr   |
| 7                                       | Methyldopum (Dopegyt)              | 250mg        | cpr   |
| 8                                       | Urapidilum (Tachyben)              | 25 mg/5 ml   | fiola |

| MEDICAMENTE PT. SISTEMUL RESPIRATOR |                                 |             |       |
|-------------------------------------|---------------------------------|-------------|-------|
| 1                                   | Aminophyllinum (Miofilin)       | 24mg/ ml    | fiola |
| 2                                   | Salbutamolum (Ventolin inhaler) | 100ug/ doza | flc   |
